IEG PI NOTICE

No. 15 - 75

TITLE/SIGNIFICANCE:

In-flight refueling capability is added to May ASW Aircraft.

COMMENT: Two May ASW Aircraft, at Ramenskoye Flight Test Center, have been modified for in-flight refueling by the addition of a refueling probe on the nose of each aircraft. An aerial refueling capability will provide an almost unlimited range and/or loiter time for this aircraft. The most likely observation of this aircraft is at Soviet Naval Airfields.
